# Senior Class Prophecy

Cascade Locks, Oregon
December 25, 1975

Dear Mr. Nash:

I received your letter yesterday and was thrilled to hear of your success. There're not many men who get the chance to become head coach of Notre Dame.

I think it only right to tell you of the success of our senior class of 1954.

Remember Dave--David McClure, that is--well, he muscled in on Johnny Ray and makes about $2,000 a week. He always did have a good voice and loads of talent.

Why, I was just talking to Roger Hankin a week ago. He is the President of Fishey Fish Finn Company at Dodson, Oregon, and draws in quite an income. He seemed glad to see me and invited me to his house to a fish dinner last Tuesday.

I'm sure you remember Patty Fesselt. She joined the WAVES and became a seven-day wonder. Some feat!

Wouldn't you guess it! Charlean Von Ahn went and got married to one of those rich play boys. She lived on Third and Broadway in Cascade Locks.

Jim Doyle made himself a cool million with his invention of a completely pushbutton car with the T. V. set installed in the dash. I've got one myself. The name--Jim Doyle's Push Button T. V. Car--Buttons Extra.

Joan Easley is happily married and works as a secretary for President, Roger Hankin.

Judie Scott, our Student Body Treasurer, is now (as you probably already know) Secretary of the Treasury for the United States of America.

You'll never guess what happened to Bobbie Blattenberg! Well, she went to Hollywood and became a movie star. Don't miss her next show, "Cascade Onward," in which Bing Crosby co-stars.

George Nichols is now a scientist and his new formula ($4/13 \times T^2 = R/32 - 2^2/4$) has got Einstein himself baffled. He says he owes his success to Principal, Tom Witty of Cascade Locks High, who first taught him the basic science, physics.

Shirley Nichols became a personal secretary for Ralph Hesgard, who is now editor of the Cascade Locks Gorge Echo Times. "Scoop Hesgard" is the name he proudly holds.

LaDonna Minkoff is now a T. V. 3-D star on KOIN'S Saddle Pals. She makes a mere sum of $90,000.00 annually. I was talking to her the other day, and she said she was going to ask her director for a raise. "Things are simply too high," she told me.

Donnamae Robertson is a tightrope walker for Cascade Locks Circus which is now in Chicago, Illinois. For her own neck, I wish she would give it up.

To my surprise, only two of the senior class of '54 are married. It's a good thing, because I might have a lot of divorce cases to take care of. You see, I'm a lawyer.

Here's hoping you have a lot of success this season with your Notre Dame team.

Yours sincerely,
Joseph D. Correll

# Senior News

The class of 1954 was the busiest class in Cascade Locks High School. Whenever anything had to be done, whether it be sports or otherwise, at least one senior had his finger in the pie. And why not--we had seven members of our class in Student Council, five in the Honor Society, nine in Glee, four in the Lettermen's Club, and on and on. Three of our girls were the cheerleaders this year and the same three were the Homecoming Court. Pretty good for a class numbering only fourteen!

The Junior class of '53-54 is the largest class in the high school this year. There are sixteen students--8 girls and 8 boys. Our advisor is Miss Van Hine.

Our first money making project was a car wash where we had lots of fun along with making money. In December we had the Junior Talent Show. We worked hard, had lots of fun, and made enough added on to what we already had to have our Junior Prom.

The Junior Class is well represented in the school activities. Gary Nichols is Vice-President of the Student Body, Greta Erickson is Editor of the Gorge Echo, and Lela James and Carol Oney are on the G. A. A. staff as Vice President and Treasurer respectively. Many of the girls are on the volleyball team, and many of the boys are active in all sports.

To raise money for the class, we had two projects that were very prosperous.

This year we have thirteen students in the freshman class--four boys and nine girls. Mrs. Hansen is our advisor.

After school had been in progress for about a month, the sophomore class gave us an incoming party, complete with initiation. We were all made to go barefoot for awhile and obliged to shine the shoes of everyone present. Refreshments were served and dancing was enjoyed by all.

We later returned this party with dancing, games and refreshments.

Our money-making plans for the year included handling the concessions during the Culver game, February 12; and a box social early in the second term.

Other highlights of the program included a homecoming address by Mr. George Corwin, Hood River County Superintendent; and a presentation of football letters by Mr. Jack Nash, Coach. All alumni were introduced and a corsage was given to one of our earliest students, Mrs. W. Otis MacKinnon.

After the banquet, there was a dance where the queen was announced and crowned by Mr. L. Thomas Witty. Queen Donnamae I and her court--Charlean and LaDonna--with the escorts then led the Queen's Dance.

# Paper Staff

We are proud to have such people in our community and school who were interested enough in the improvement of our small city to help establish a school-community paper.

An advertising program was set up after the first few issues to meet expenses and to enable circulation of the Gorge Echo to the entire community.

This important step brought about the need of organized departments. A staff was appointed out of the members of the two journalism classes which are advised by Mrs. Hansen and Miss Leone Van Hine.
